HOW TO OPEN AND ANSWER YOUR IMONST PAPER

Opens 8:00 AM Friday 28 August 2026 • closes 12:00 PM Saturday 29 August 2026

Eleven steps, from the link in your confirmation email to handing the paper in. Each step shows a picture of the screen you should be looking at.

BEFORE YOU BEGIN

read this first

A Give yourself enough time

CATEGORY	AGE	TIME ALLOWED	START NO LATER THAN
Beginner	9 & under	1 h 30 min	Sat, 10:30 AM
Pioneer	10–12	1 h 30 min	Sat, 10:30 AM
Junior	13–15	2 h 30 min	Sat, 9:30 AM
Senior	16 & above	2 h 30 min	Sat, 9:30 AM

The contest is open from **8:00 AM on Friday 28 August** until **12:00 PM on Saturday 29 August**. You may begin at any point inside that window, and your own timer starts the moment you press **Yes, Start Now**.

The window shuts at 12:00 PM sharp, even if your personal time has not run out. Begin early enough that your full duration fits inside it — the last column above is the latest safe moment to start.

Do not leave it to the final morning. Sit the paper on Friday if you can.

B What you need

- ◆ A PC, laptop, tablet or smartphone — a computer is far easier to work on
- ◆ A stable internet connection, and the device on power or fully charged
- ◆ **Google Chrome** is recommended
- ◆ A quiet place where nobody will interrupt you for the full duration
- ◆ A4 paper, stationery and a geometrical set
- ◆ Your Pandai username and password, from your contest slip

Keep your contest slip confidential. Do not lose your username and password, and do not let any other participant use them.

If you sign in to Pandai outside the contest period and it asks you to set up your account, **that is normal**. Complete the setup — it does not affect your entry.

C Rules during the paper

- ◆ **Calculators and any other materials are not allowed.**
- ◆ **Giving or receiving help is not allowed.** Disciplinary action will be taken against anyone caught doing so.
- ◆ You do not have to turn your camera on.
- ◆ Save your answer to every question — saved answers are submitted automatically when the contest ends.

THE ELEVEN STEPS

from the link to Submit

1 Sign in to Pandai

Go to app.pandai.org and sign in with the **username** and **password** printed on your contest slip.

The order does not matter — you may sign in first and then open your contest link, or open the link first and sign in when Pandai asks you to.

If you signed in after clicking the link, paste the link into the address bar again.

Signing in often lands you on the Pandai home page instead of your contest.

2 Open the link from your email

Paste the link into the address bar

Your confirmation email contains a link shaped like this:

<https://app.pandai.org/register/contest-success/imonst-1-link-here>

You will have a dedicated link according to your categories — **beginner**, **pioneer**, **junior** or **senior**.

Click the link, or copy it and paste it into your browser's address bar as shown above, then press Enter.

3 Check the confirmation page

The confirmation page

A green **Congratulations** banner appears at the top, naming the contest you registered for.

Below it is the **Contest Instruction** panel: the IMONST logo, then the full briefing in English and Bahasa Malaysia.

If you land on the Pandai home page instead, you are either not signed in or the contest has not opened yet. Go back to step 1.

4 Read the instructions before you go further

SECTION	ANSWER TYPE	QUESTIONS	MARKS EACH	SUBTOTAL
A	True / False	5	1	5
B	Integer	5	4	20
C	Integer	5	6	30
D	Integer	5	9	45
Total		20		100

Scroll through the whole panel. The paper has **20 problems in four sections** of increasing difficulty, worth **100 marks** in total.

Every answer is a **single non-negative integer**, and there is **no penalty** for a wrong answer — so never leave a question blank.

5 Click Enter Competition

The button at the very bottom of the page

At the very bottom of the confirmation page is a wide green button: **Enter Competition**

Click it to open your paper. On some contests the button reads **Access Competition** — it does the same thing.

6 Confirm Start Exam — your timer begins here

The Start Exam dialog

A **Start Exam** box appears and tells you how long you have. Press **Yes, Start Now** only when you are ready to sit the whole paper.

The countdown starts the moment you press it and does not stop — not for a break, not for a lost connection, not for a flat battery.

Simply signing in to Pandai does **not** start the timer. Press **No** if you are not ready yet.

These questions have an **Answer** box. Type your answer as digits only.

- ◆ A whole number, zero or greater

Keep a copy of your answers on paper as you go.

10 Keep an eye on the timer

The countdown, centred in the top bar

The countdown sits in the middle of the bar at the top of the screen and runs down to zero.

It cannot be paused or reset. If your browser closes, sign back in and open your link again straight away — the clock has kept running.

Scroll to the bottom of the question grid and press **Submit »** to hand in your paper. Confirm when asked.

CARA MEMBUKA DAN MENJAWAB KERTAS IMONST ANDA

Dibuka 8:00 pagi Jumaat 28 Ogos 2026 • ditutup 12:00 tengah hari Sabtu 29 Ogos 2026

SEBELUM ANDA MULA

baca ini dahulu

A Beri diri anda masa yang mencukupi

KATEGORI	UMUR	MASA DIBERI	MULA SELEWAT-LEWATNYA
Beginner	9 tahun ke bawah	1 jam 30 minit	Sabtu, 10:30 pagi
Pioneer	10–12 tahun	1 jam 30 minit	Sabtu, 10:30 pagi
Junior	13–15 tahun	2 jam 30 minit	Sabtu, 9:30 pagi
Senior	16 tahun ke atas	2 jam 30 minit	Sabtu, 9:30 pagi

Pertandingan dibuka dari **8:00 pagi Jumaat 28 Ogos** sehingga **12:00 tengah hari Sabtu 29 Ogos**. Anda boleh mula pada bila-bila masa dalam tempoh itu, dan pemasa anda sendiri bermula sebaik anda menekan **Yes, Start Now**.

Tempoh ditutup tepat pukul 12:00 tengah hari, walaupun masa peribadi anda belum habis. Mulakan cukup awal supaya tempoh penuh anda muat di dalamnya — lajur terakhir di atas ialah waktu terakhir yang selamat untuk bermula.

Jangan tunggu sehingga pagi terakhir. Duduki kertas pada hari Jumaat jika boleh.

B Apa yang anda perlukan

- ◆ PC, komputer riba, tablet atau telefon pintar — komputer jauh lebih mudah digunakan
- ◆ Sambungan internet yang stabil, dan peranti bersambung kuasa atau bateri penuh
- ◆ **Google Chrome** disyorkan
- ◆ Tempat yang tenang di mana tiada sesiapa akan mengganggu anda sepanjang tempoh
- ◆ Kertas A4, alat tulis dan set geometri
- ◆ Nama pengguna dan kata laluan Pandai anda, daripada slip pertandingan anda

Rahsiakan slip pertandingan anda. Jangan hilangkan nama pengguna dan kata laluan anda, dan jangan benarkan peserta lain menggunakannya.

Jika anda log masuk ke Pandai di luar tempoh pertandingan dan ia meminta anda menyediakan akaun, **itu adalah normal**. Lengkapkan persediaan itu — ia tidak menjejaskan penyertaan anda.

C Peraturan sepanjang kertas

- ◆ **Kalkulator dan sebarang bahan lain tidak dibenarkan.**
- ◆ **Memberi atau menerima bantuan tidak dibenarkan.** Tindakan disiplin akan diambil terhadap sesiapa yang didapati berbuat demikian.
- ◆ Anda tidak perlu menghidupkan kamera.
- ◆ Simpan jawapan bagi setiap soalan — jawapan yang disimpan akan dihantar secara automatik apabila pertandingan tamat.

SEBELAS LANGKAH

dari pautan hingga Submit

1 Log masuk ke Pandai

Pergi ke app.pandai.org dan log masuk menggunakan **nama pengguna** dan **kata laluan** yang tercetak pada slip pertandingan anda.

Susunannya tidak penting — anda boleh log masuk dahulu kemudian membuka pautan pertandingan anda, atau membuka pautan dahulu dan log masuk apabila Pandai memintanya.

Jika anda log masuk selepas mengklik pautan itu, tampil semula pautan tersebut ke dalam bar alamat. Selepas log masuk anda selalunya dibawa ke laman utama Pandai dan bukan ke pertandingan anda.

2 Buka pautan daripada e-mel anda

Tampil pautan ke dalam bar alamat

E-mel pengesahan anda mengandungi pautan seperti ini:

<https://app.pandai.org/register/contest-success/imonst-sample-1>

Anda akan menerima email mengikut kategori yang anda telah daftar — **beginner**, **pioneer**, **junior** atau **senior**.

Klik pautan itu, atau salin dan tampalkannya ke dalam bar alamat pelayar anda seperti di atas, kemudian tekan Enter.

3 Semak halaman pengesahan

Halaman pengesahan

Sepanduk hijau **Congratulations** muncul di bahagian atas, menyatakan pertandingan yang anda daftarkan.

Di bawahnya ialah panel **Contest Instruction**: logo IMONST, kemudian taklimat penuh dalam bahasa Inggeris dan Bahasa Malaysia.

Jika anda dibawa ke laman utama Pandai sebaliknya, anda sama ada belum log masuk atau pertandingan belum dibuka. Kembali ke langkah 1.

4 Baca arahan sebelum meneruskan

BAHAGIAN	JENIS JAWAPAN	SOALAN	MARKAH SETIAP SATU	JUMLAH KECIL
A	Benar / Tidak Benar	5	1	5
B	Integer	5	4	20
C	Integer	5	6	30
D	Integer	5	9	45
Jumlah		20		100

Tatal keseluruhan panel. Kertas ini mengandungi **20 soalan dalam empat bahagian** mengikut aras kesukaran yang meningkat, berjumlah **100 markah**.

Setiap jawapan ialah **satu integer bukan negatif**, dan **tiada penalti** bagi jawapan salah — jadi jangan biarkan mana-mana soalan kosong.

5 Klik Enter Competition

Butang di bahagian paling bawah halaman

Di bahagian paling bawah halaman pengesahan terdapat butang hijau yang lebar:

Enter Competition

Klik untuk membuka kertas anda. Pada sesetengah pertandingan butang ini tertulis **Access Competition** — fungsinya sama.

6 Sahkan Start Exam — pemasa anda bermula di sini

Dialog Start Exam

Kotak **Start Exam** muncul dan memberitahu tempoh masa anda. Tekan **Yes, Start Now** hanya apabila anda benar-benar bersedia menduduki keseluruhan kertas.

Kiraan detik bermula sebaik anda menekannya dan tidak akan berhenti — bukan untuk rehat, bukan untuk sambungan yang terputus, bukan untuk bateri yang habis.

Log masuk ke Pandai sahaja **tidak** memulakan pemasa. Tekan **No** jika anda belum bersedia.

Simpan salinan jawapan anda di atas kertas sepanjang peperiksaan.

10 Perhatikan pemasa

Kiraan detik, di tengah bar atas

Kiraan detik berada di tengah-tengah bar di bahagian atas skrin dan mengira sehingga sifar.

Ia tidak boleh dijeda atau ditetapkan semula. Jika pelayar anda tertutup, log masuk semula dan buka pautan anda sekali lagi dengan segera — jam terus berjalan.
