To: All Medal Recipients of IMONST2 2026, Parents and Guardians

INVITATION TO BENGKEL INTERNATIONAL MATHEMATICAL OLYMPIAD (BIMO) 2026/2027

Dear Students, Parents and Guardians,

On behalf of the Malaysian International Mathematical Olympiad Committee (JKIMO), we would like to extend our heartfelt congratulations and appreciation to all students who participated in the **International Mathematical Olympiad National Selection Test 2 (IMONST2) 2026**.

2. Regardless of the results, we sincerely appreciate the effort, dedication, and courage shown by every participant in taking on this challenging examination. We recognise that preparing for and sitting for IMONST2 requires significant commitment, and every student should be proud of their willingness to challenge themselves.

3. To those who did not qualify this time, we hope that this experience will encourage you to continue exploring mathematics and to try again in future selections. We would be delighted to see you return, and we also welcome those who wish to contribute to the Malaysian Mathematical Olympiad community in other meaningful ways.

4. Please also be informed that **certificates of participation for all IMONST2 2026 participants, as well as medals for the respective medal recipients, will be sent by post at a later date**. Further announcements regarding the distribution of certificates and medals will be made in due course. We appreciate your patience and understanding as we make the necessary arrangements.

5. **We are pleased to officially invite all medal recipients of IMONST2 2026 to participate in the Bengkel International Mathematical Olympiad (BIMO) 2026/2027.** The list of invited students is provided in **Appendix A**.

BIMO is part of our national training and selection programme, designed to develop students' mathematical problem-solving abilities, deepen their understanding of olympiad mathematics, and prepare them for future international mathematical competitions.

The proposed training schedule for BIMO 2026/2027 is provided in **Appendix B**. All lectures will be conducted online via Zoom Meeting.

6. Further information regarding training arrangements, lecture links, schedules, materials, and other important announcements will be communicated from time to time by our Head Coach and trainers through the official BIMO Discord server. All invited students are encouraged to join the server using the following link:

BIMO Official Discord: https://discord.gg/vrWEQGr5t

7. For any enquiries or further clarification, please contact **Mr. Haziman at +6011-26814143**, or email us at **contact@imo-malaysia.org**.

Once again, congratulations to all our medal recipients. We look forward to welcoming you to BIMO 2026/2027 and working together towards another meaningful year of mathematical learning, growth, and achievement.

Thank you.

Yours sincerely,

.....

MUHAMMAD ZAFREE BIN ZAHARIDAN
Chairman
Malaysian International Mathematical Olympiad Committee (JKIMO)
